DAM100 Bluetooth TPMS Tool

- Bluetooth to connect APP
- Complete TPMS health Check
- TPMS Sensor Activate & Relearn
- QQR Sensor Programming

APP Name: DAM100

One for all

NFC-enabled TPMS Sensor

- 315MHz & 433MHz Dual Frequency
- 99% Vehicle Coverage
- Using Smartphone NFC
- Download a free APP
- To program QQR NFC Sensors

APP Name: DANFC

GET IT ON
Google Play

Download on the
App Store

Tesla Bluetooth TPMS Sensor

- No programming required
 - Directly replacement for OE sensor
- Vehicle Supported:**
- Model S,3,X(MY21 +);
 - Model Y(all models)

Intelligent Tire Management System

Intelligent Tire Management System
Combines TPMS+ GPS+Tire Mileage+Tire Assets Management

- Real-time Pressure Monitoring
- Real-time Temperature Monitoring
- Pattern Depth Monitoring
- Tire Load Monitoring

Double power
AC chargers

- APP appointment charging, remote charging
- Support wall and column installation mode
- Smart home use AC charger 7KW-22KW

Intelligent
DC Charging Post

- Support swipe card and APP scanning payment system
- 4G/Ethernet for background management
- 80KW-240KW dual-ports charging, smart power distribution
- High efficiency, energy saving, quiet
